Swinburne
International
Program

Course Guide **2019**

Dual Degree Informatics

The program is designed to provide the foundational knowledge and industry skills the students need to apply information and communication technologies/ICT to a range of settings.

They will have a **technical ability to design and create mobile application using database, analyzing and designing database, conceptualizing program, handling information system risk and security, and analyzing business information system.**

Graduates of the International program will be well equipped to meet the requirements of both industrial and commercial organizations for information technology specialists. They will have a chance to participate in the international Java certification test and earn two university degrees: **Sarjana Komputer (S.Kom) from UMN and Bachelor of ICT (BICT) from Swinburne.** Therefore, graduates can excel in global competition.

The Requirements

Graduates from High School majoring in **Science Programs** or graduates from Vocational School majoring **Computer Engineering, Informatics Engineering, & Computer and Network Engineering.**

Students must take English subject during their study at UMN. They can leave for Swinburne if they pass the **minimum IELTS score of 6 for each band.**

Admission: admisif@umn.ac.id
or (021)5422 0800

Career Opportunities

Software Developer (Mobile Application, Web Designer, Multimedia, Programmer/Software Engineer), System Analyst, Project Manager, Database Administrator, Security Analyst, Production Manager, Client Service Network Consultant, Network Coordinator, and Technopreneur.

The Advantages

Preparing Graduates for Professional Life

UMN offers an exceptional education experience that is enhanced by Collaborative Learning. It allows students to develop competencies: problem solving, adaptability, collaboration, leadership, creativity and innovation. This leaves you better prepared for finding work once your degree is complete.

Industry-linked Projects

Industry-linked Projects allow you take on authentic workplace challenges related to your future career. All projects are team-based and led by working industry professionals. Projects are normally undertaken as a unit of study during your final year.

Experience Dynamic Educational Environment

Besides academic activities, students can join various Student Activity Units (UKM) according to their interests and talents in sports, arts, culture, and many more. Also lectures and seminars from the industry, so students can develop both hard skills and soft skills.

Get Java Certification

In the fifth semester, students will get Java Certification. It'll be an added value when they graduate.

Administrative Assistance

UMN assists the students in preparing all required documents for study in Australia.

Get IELTS Preparation Class

UMN provides IELTS Preparation Class to improve students skills in all four IELTS test areas: Listening, Reading, Writing, and Speaking.

Opportunity to study Master Degree at Swinburne

With the cooperation, students have the opportunity to get Master's degree at Swinburne University of Technology as well as overseas employment opportunities.

Graduate Testimonials

Jonathan
Rafael Y.

A lot of benefits that I can get from UMN, such as lectures and seminars from the industry. I can really explore myself here, I can grow and become a better person both personally and professionally. If you are passionate in ICT (Information and Communication Technology) and you wanna grow to be a better person, then join me in UMN. See you there!

Gracia
Angelica N.

The reason I choose UMN is due to numerous offers that university provides in terms of scholarships. I really like the facilities. **The lecturers also have proficient English skills which help me learn the courses in a very comfortable manner.** If you would like to experience study in two different countries, come on join us at UMN! See ya!

Swinburne Accommodation

Living nearby campus

We understand how important housing and accommodation is for students arriving from overseas. It can be difficult to make a decision about permanent housing before you start your studies.

Before you arrive in Melbourne, it's a good idea to have some temporary accommodation sorted out. An international housing adviser can assist you.

For more, see: swinburne.edu.au/accomodation

Living in Melbourne

By choosing to study in Melbourne, Australia, you will join a lot of students from all over the world. In 2014, Melbourne ranked as World Friendliest City and Australia's leading student city. It's a great place to begin your study pathways and make great connections.

See native Australian animals

Leave the city for Healesville Sanctuary and get face-to-face with kangaroos, wombats and more. Or drive to Philip Island to cuddle koalas or watch fairy penguins make their way home as the sun sets.

Explore Victoria

Head for the Great Ocean Road and see the world-famous Twelve Apostles. See Wilsons Promontory National Park, famous for its stunning beaches and unspoilt beauty. Sip on award winning wine in one of Yarra Valley's many wineries, or, when winter comes, go skiing in the High Country's Snowfields.

Eat your way around the world & enjoy coffee culture
Melbourne loves food and coffee. From authentic French croissants in Fitzroy, to delightful dumplings in Chinatown. In every suburb, you'll find world-class coffee shops serving up some of the best beans around.
